Gentlemen:-

About the first of October we asked you to send a man around to estimate on two jobs we wished to have done. In the matter of a week or ten days a man came around and got specifications. Although we have repeatedly telephoned for the estimates, up to date we have not received these. It is our understanding that you are in business to do business, or we would not have bothered you in this matter. You can take this reminder for what it is worth.

Very truly yours,

Curator.
